

Torres Winery & Codorniu Cava Tour

The day starts with a guided tour at the Torres vineyard. For over 130 years Miguel Torres has been recognised as one of the world leaders in the production and export of quality brandies and wines. Set in the heart of the Penedes hills surrounded by vineyards the expert Torres guide will take you on a tour of the underground ageing cellars containing thousands of oak barrels, travel by train around the vineyard and visit the modern wine making facilities. As you walk among barrels and smell the wine your guide will explain some of the secrets of making fine wines here at Torres. Before you leave you can take part in a wine tasting session or buy a few bottles of wine from their shop.

A short drive will take you to the Vilafranca del Penedes, there will be some free time to browse the wine shops, visit the wine museum and stop for some lunch.

In the afternoon you will visit the Codorniu Cava vineyards where you join one of their guided tours. The Codorniu guide will take you through the huge underground cellars, the beautiful gardens and the stunning buildings designed by the Art Nouveau architect Puig and Cadafalch. You will learn about the history and production of their famous sparkling white wines. It was here in 1872 that the sparkling wine known as Cava was first born.
